Summary

- 2 years of Front-end focused experience in development of data-driven web application with rich visual and interactive elements
- Additional experience in task and development management
- Proficient in Javascript, Typescript, React and React ecosystem
- Accustomed to dev-environment configuration and development tools such as Webpack, ESLint, Git, Jira, Figma, and Postman

Experience

Frontend Developer - Contract Part-time

Mosaic

Feb 2023 - Apr 2023 (3 months)

- Conducted security audits and resolved multiple security vulnerabilities with XSS as well as APIs that can work with wrong permission levels.
- Investigated an old feature that was buried at some point and fixed its functionalities.
- Decoupled features that were using the same component for scalability and maintainability

Feature lead Frontend developer

Mosaic

Apr 2021 - Feb 2023 (1 year 11 months)

Responsibilities:

- Conducted analysis of design specifications and facilitated seamless communication among teams.
- Tracked and reported development status, enabling timely decision-making.
- Managed tickets for efficient task assignment to other developers.
- Wrote user stories and specifications to streamline development and testing processes.
- General code reviews and provided mentorship to new hires.
- Non-feature level Backend work with Ruby on rails.

Achievements:

- Implemented a comprehensive end-to-end (E2E) testing environment, resulting in a 10% increase in test coverage. Additionally, provided examples of unit tests to guide other team members.
- Introduced new patterns to eliminate the need for Redux state in specific areas of the application.
- Developed reusable components and hooks, particularly for modal and dropdown functionality.
- Achieved performance optimization by redesigning the approach for API calls for certain features.
- Successfully developed an Organization Chart feature that incorporates auto-layout functionality and extensive CRUD-based interactions.

Education

Lighthouse Labs

Jan 2021 - Mar 2021

Andong National University

Bachelor of Laws - LLB

2001 - 2008

Skills

Ruby on Rails • React.js • HTML • Cascading Style Sheets (CSS) • TypeScript • JavaScript •
Ruby • Haskell • PostgreSQL • Express.js
